## International handbook of labour market policy and evaluation

### Tools

Schmid, Günther, O'Reilly, Jacqueline and Schömann, Klaus, eds. (1996) *International handbook of labour market policy and evaluation*. Edward Elgar, Cheltenham, UK; Brookfield, US. ISBN 9781858983448

Full text not available from this repository.

### Abstract

This major Handbook is a detailed, up-to-date guide to different national labour markets and policies to combat unemployment and their outcomes. This major new handbook is a detailed, up-to-date guide to different national labour markets and policies to combat unemployment and their outcomes. It will become established as a standard reference book – the first of its kind – providing an authoritative account of the rapidly growing field of labour market policy in a coherent and systematic framework.
